Dear Valued Customers,

Update on SP Trader

Thank you for your continuous support to Haitong International.

A new version of SP Trader will be launched on 9 May to support the indication of “negative trading price”. Besides, since the old trading system will no longer support the “advance order” function, please update to the new version if you need to use this function. Thank you for your attention.

For any enquiries, please contact our Customer Services at (852) 3583 3388 / (86) 755 8266 3232.
